

## Dyflex® Black

**882BK**

Seamless knitted glove with bio-based Dyneema® technology and polyurethane coating

### Sectors:

- Automotive • Construction & Utility
- Engineering and Manufacturing • Oil and Gas • Warehousing, Transport and Logistics
- Waste Management and Local authority

### Packing

- 12 pairs per paper band
- 48 pairs per case

### Features

**Biobased Dyneema:** The glove utilises cutting edge bio-based Dyneema yarn. All bio-based Dyneema® fibres have the exact same characteristics and performance as conventional Dyneema® fibre. Ethylene is the primary raw material used to manufacture Dyneema® fibres, and is the feedstock that will be transitioned from conventional to a renewable source via mass balancing

**Thin polyurethane coating:** Thin polyurethane coating in combination with the special fibre delivers great EN388 abrasion performance for extended glove life and reduced cost of ownership

**Polyurethane Wet and Dry Grip :** Polyurethane palm coating provides a good grip for safer handling in wet and dry conditions

**Black colour:** The black coating and liner ensure hides dirt and contaminants to ensure that gloves are not discarded prematurely

**15 gauge:** The 15 gauge liner has been specifically developed to ensure the most comfortable & secure feeling glove possible

<b>Code</b>	<b>882BK</b>
<b>Colour</b>	<b>Black</b>
<b>Sizes</b>	<b>6-10</b>
