

Polyflex® MAX PC

921

Seamless knitted nylon liner with a foamed nitrile palm coating

Sectors:

- Automotive • Construction & Utility
- Engineering and Manufacturing • Food Manufacturing and Preparation

Packing

- 1 pair per paper band
- 60 pairs per case

PPE CAT II

4131X

X1XXXX

Features

Heat Resistant: Heat resistant to contact heat level 1 to broaden real world application suitability

Flexibility: Strategically designed to offer optimum levels of flexibility and comfort without compromising protection

Grip: Foamed nitrile coating channels oils and liquids away from the surface of the glove to optimise grip and allow safe handling at all times

Closure: Elasticated knitted wrist provides a secure fit and keeps hands free from dirt and debris

Abrasion Resistant: Achieves maximum score for abrasion resistance as defined by European Standard EN388

Primary Coating Polymer: Nitrile

Environmental: Packed without the use of plastic; reducing the overall weight of packaging

Comfort: Seamless construction will not irritate hands

Silicone Free: The glove has been produced silicone free to eliminate silicone contamination whilst working in painting, bonding and product inspection processes within the engineering, manufacturing, and glass industries.

Food Contact: Tested in compliance with Commission Regulation (EU) No 10/2011 for Food contact

Code	921
Colour	Blue/Black
Sizes	6-11
